Blue Astral

Black Star

Brown Nebula

Space White

WIRELESS PROTOCOLS :

Airplay

Chromecast

Bluetooth

RoomReady

UPnP/DLNA

Spotify Connect

STREAMING SERVICES :

With its connected active speakers, the CAPELLA system offers unprecedented performance by combining the acoustic of TRIANGLE with modern technologies. Made in France, the speakers feature top-of-the-range finishes, with a varnished wooden enclosure and aluminum elements..

Each driver has its own amplifier for a total power of 2 x 100W for the pair of speakers. The DSP (Digital Signal Processor) linearizes the speaker's frequency response, while ensuring permanent control of the driver. The CAPELLA feature a groundbreaking technology that automatically calibrates the sound in relation to the room, for a balanced sound, perfectly adapted to your listening room.

Bluetooth and Wi-Fi compatible (Airplay, Chromecast, UPnP/DLNA, Room Ready), the speakers communicate

wirelessly with the "Stereo Hub", a compact, remote box using WiSA technology. All your audio sources (HMDI, USB, Optical, RCA...) are centralized on the Hub.

For a fast, dynamic, and precise sound, the CAPELLA use a horn-loaded tweeter with a magnesium dome, and a 16cm midrange/bass in cellulose pulp, based on our research carried out on the Esprit 40th range.

The CAPELLA system includes a pair of active bookshelf speakers, a hub, two protection grilles, a remote control and power cables for a turnkey, ready-to-use package. Available as options: the S05 speaker stands, the ZEN calibration microphone, and the LUNAR 3 preamplified turntable.

TECHNICAL SPECIFICATIONS

Capella

Type	Bass Reflex Active Speakers with integrated digital signal processor
Number of ways	2 ways with dedicated amplification for each driver
Midrange	1 x 16.5 cm natural cellulose pulp membrane
Tweeter	1 x 25 mm magnesium alloy dome
Bandwidth (+/-3dB Hz-Khz)	42-22
Inputs	RCA mono line input WiSA wireless technology
Power (W Rms)	Class D Bi-amplification of 2*50W per speaker (2x100W total)
Treble Cutoff Frequency (Hz)	3600
Filter type	Active by DSP
Automatic standby	Yes
Dimensions (mm/inch) L x D x H	200 x 315 x 380 7,8 x 12,4 x 14,96
Unit Weight (kg/lb)	8,5 - 18,7

TECHNICAL SPECIFICATIONS

Stereo Hub

Type	WiSA / Wireless transmitter Preamplifier / Streamer
WiFi	Wi-Fi IEEE 802.11 b/g/n Supports 2.4GHz & 5 GHz
WiFi protocol	Google Cast / Airplay / Spotify Connect / Roon Ready / DLNA/UpNP
Bluetooth	4.2
Analog input	1 RCA / Aux 3.5 mm
Digital input	3 Optical + Aux 3.5mm optical 1 Coaxial / 1 USB-B
TV input	1 HDMI (ARC / CEC)
EQ by app	Automatic ROOM EQ Manual MANUAL EQ
Sampling rate	Analog sources: 24bit/96kHz Digital sources: 24bit/192kHz Bluetooth: 16bit/48kHz WiSA: 24bit/96kHz, 2.6 ms latency
Auto standby	Yes, after 20 minutes
Remote	Aluminium - Radio-frequency
Application	iOS - Android : TRIANGLE CAPELLA
Dimensions (mm/inch) L x D x H	70 x 100 x 45 2,7 x 3,9 x 1,7
Weight (kg-lb)	0,5 - 1,1
